Welcome you to the [Workforce of the Future](#)

Find your pathway to possible...

WHY YOU?

You were **hand-selected** and identified as a **promising leader** in Deloitte's cloud workforce of the future.

WHY NOW?

The industry is experiencing an unprecedented skills shortage – **opportunity is ripe for you to level up** in your career by taking advantage of **world-class**, hands-on training to **upskill** and **reskill**.

WHY DCI?

Dedicated learning coaches guide you through a **cutting-edge**, market-leading educational experience designed to make you **deployment ready**. We grow your skill set and **expand your career** opportunities while immersing you in Deloitte's engineering-led culture.

AWARD-WINNING CURRICULUM

- Deep technical training
- Modern delivery
- Strategy
- + Market-recognized certification

DYNAMIC DELIVERY

- eLearning
- Vendor-led Bootcamps
- Hands-on Labs
- Practice Exams
- 5 role-based personas and progressive pathways

COLLABORATIVE COMMUNITY

- Cohorts
- Learning Coaches
- Cura
- MS Teams

DEVELOPER

Create custom cloud-native solutions

ENGINEER

Transform and modernize technology infrastructure platforms

ARCHITECT

Architect solutions on the cloud

STRATEGIST

Advise on strategy and business implications of cloud

AI/ANALYTICS

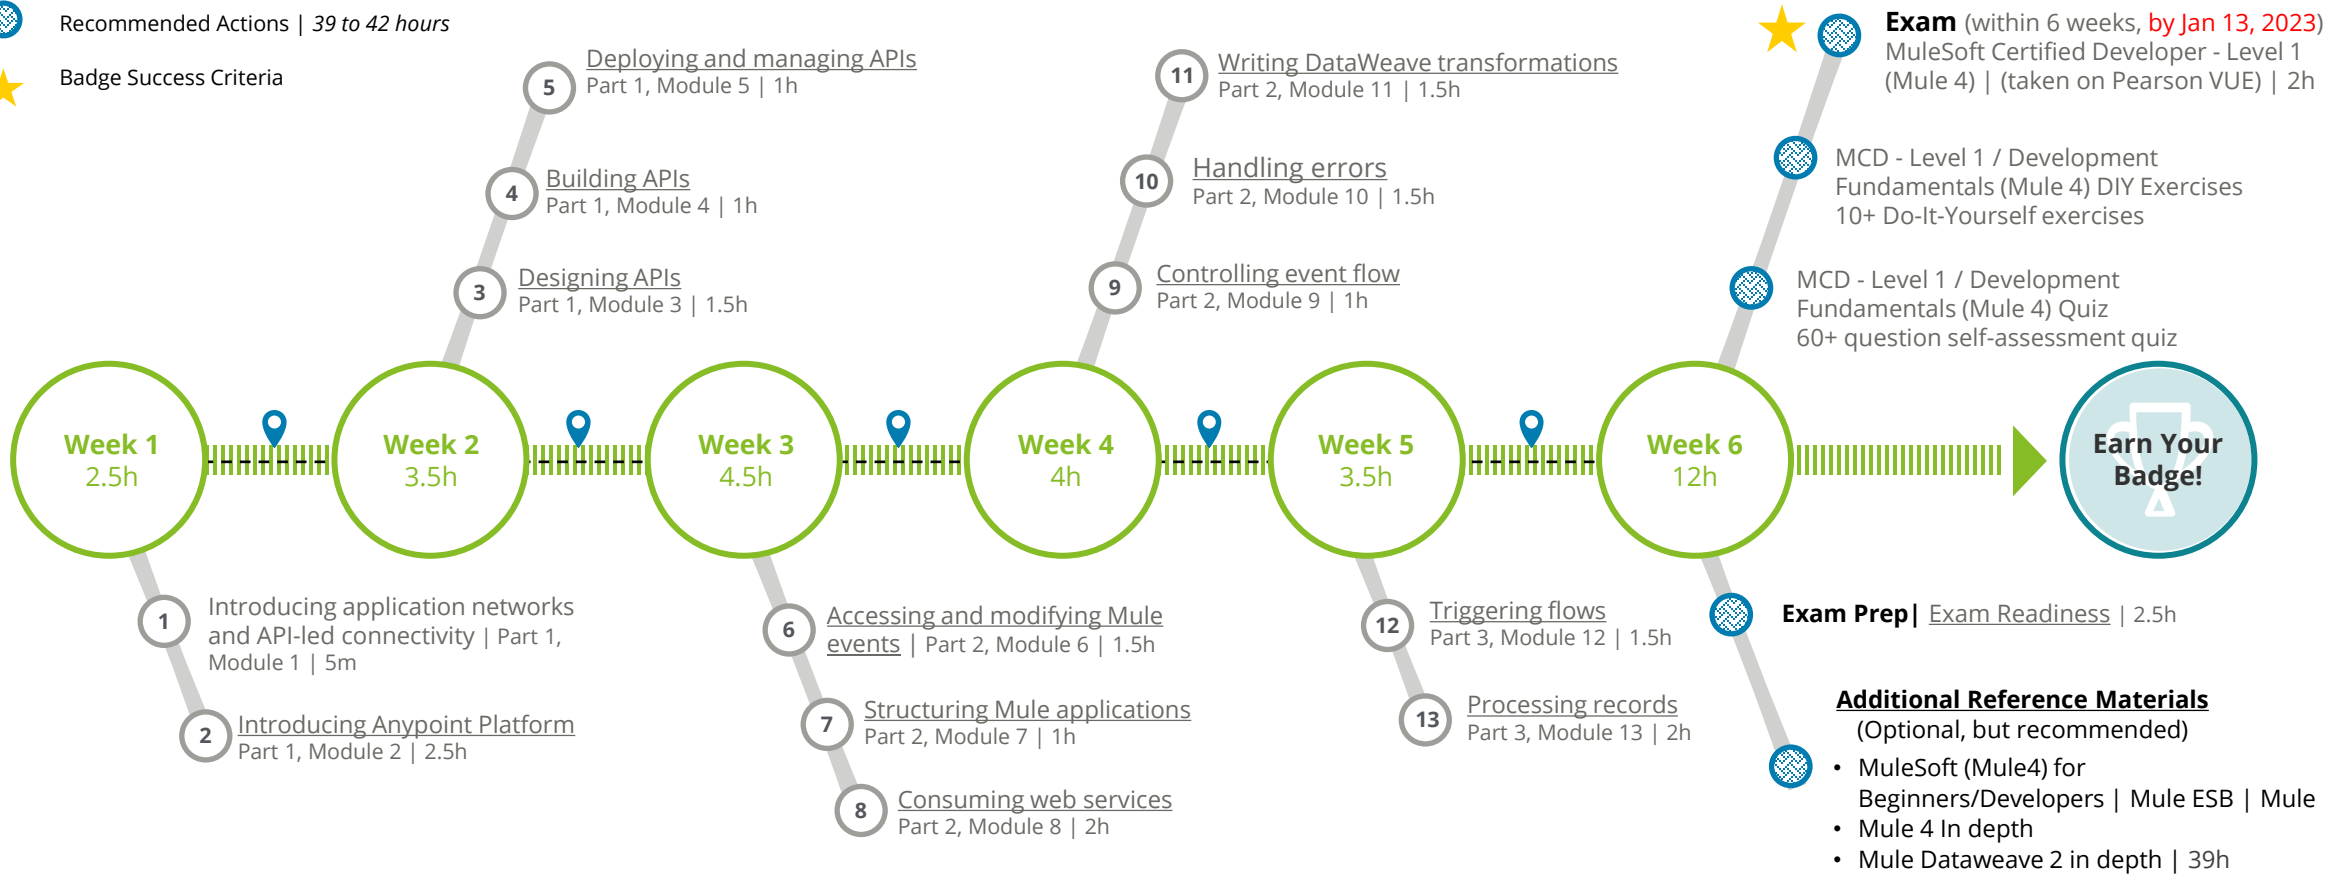

Perform analytics & data science or build analytics and AI/ML solutions in the cloud

MuleSoft Certified Developer | Self Paced

Click [here](#) for Cura Journey

- On-Demand eLearning | 28 hours
- 📍 Virtual Office Hours | 0.5h/weekly
- 🌐 Recommended Actions | 39 to 42 hours
- ★ Badge Success Criteria

Part 1 - Building application networks with AnyPoint Platform
Part 2 - Building applications with AnyPoint Studio
Part 3 - Building applications to synchronize data
----- Denotes 1 full MULE course

Success Criteria: Integration Developer: MuleSoft Certified Developer

To successfully complete the Integration Developer: MuleSoft Certified Developer program and earn a Deloitte People Network (DPN) badge, learners must...

+

=

Pathway

Consume and complete all required eLearning.

If you are new to Integration , recommendation is to go through optional Foundational Integration Developer pathway. This is part of the MCD Cura journey

Certification Exam

Schedule, sit for, and **pass** the certification exam and **upload** the certification to your Talent on Demand (ToD) Profile

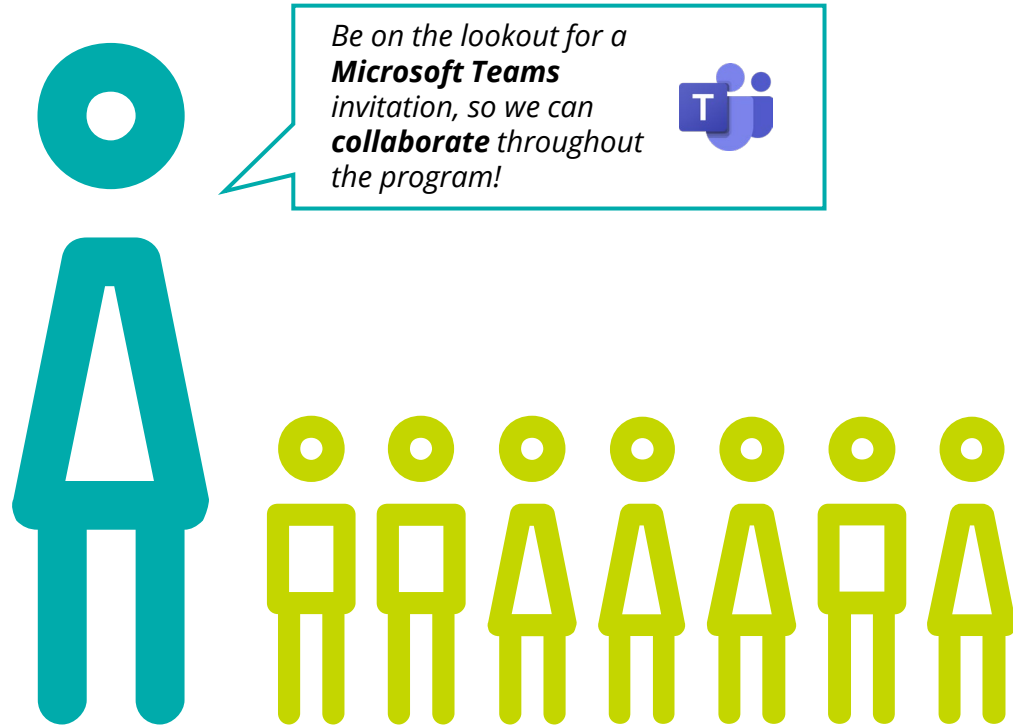

'Mulesoft Certified Developer' Badge

Your badge is added to your Deloitte People Network (DPN) profile once you complete all program requirements.

Program Requirements for Successful Completion

Cohorts, Learning Coaches, and Office Hours

With the guidance of your Learning Coach, you attend **office hours** with your cohort. The Deloitte Cloud Institute learning program is a big undertaking – **why do it alone?**

⚠ Email your Learning Coach if you have not been added to your Microsoft Team site by the end of the first week.

Your cohorts and Learning Coaches are what make the Deloitte Cloud Institute program unique!

Why? Because you have a built-in support system throughout your journey. This is often referred to as a **key differentiator** of the Deloitte Cloud Institute.

- ✓ Attend weekly Office Hours together
- ✓ Connect on cohort Teams page
- ✓ Help and support each other along the way
- ✓ Keep each other accountable
- ✓ Study and prepare for the exam together
- ✓ Grow your network

Immediate Next Steps

Focus on the following immediate next steps to get started.

Attend Kickoff Call to learn about program details and key logistics

Review the Kickoff Summary and Deck in your cohort Teams page

Add all important dates (target exam dates) **to your calendar**

Open [Cura](#) and **bookmark** the URL

Access your eLearning here

Start **Week 1 eLearning Modules** today

Start today!

Join Week 1 Virtual **Office Hours** (invite will be sent from your Learning Coach)

Be on the look out for a **communication from learning coaches to attend optional virtual learning sessions**

Track all time you spend on Cloud Institute to your applicable **CED** code in Deloitte Time & Expense (DTE):
"CEDXXXXX-01-01-01-0000"
(where XXXXX is your cost center)

FAQ

How was I nominated for this course?

Learners are nominated for the Deloitte Cloud Institute by their Offering or Talent Group Leader(s). Professional development is an integral part of Deloitte's continuous learning environment. This opportunity will allow you to receive a certification from one of the major Cloud vendors.

Do I need prior experience in Cloud, or is this truly a foundational course to build that knowledge?

This training is foundational. Only an interest in cloud and learning are required.

How do I find the correct courses in Cura?

The link to the Cura journey is in this deck; this deck is attached to your kickoff call invitation and will be posted on Teams after the call. Please access Cura using Single Sign-On (SSO).

Where do I charge my time?

*Time spent for the Cloud Institute (eLearning, bootcamps, assessments, and exam prep) should be charged to **CEDXXXXX-01-01-01-0000**. The XXXXX is your cost center.*

How are you supporting me?

Monitoring your completion of success criteria and sending regular reminders to help you stay on track. Your Learning Coach and your fellow cohort members are here to support and guide you to successful completion as well.

How do I upload my certification to Talent on Demand (TOD) to receive my badge?

Please refer to the [instructions](#) in the appendix for details on how to upload your certification to TOD.

How do I schedule and take my exam?

Please refer to the [Certifications & Badging section](#) in the appendix for information on getting exam vouchers and scheduling your exam.

Terms of Enrollment

Conflicts and Drops

In case you must DROP from the program due to unavoidable reasons follow these steps to cancel your enrollment in the Deloitte Learning Center (DLC):

1. Open Deloitte Net -Click the “App” icon in the top right-hand corner of the menu bar.
2. Select “Deloitte Learning Center”
3. Select “My Learning (My Enrollments)”
4. Find your Deloitte Cloud Institute classes listed under “Learning & Certifications”
5. Click the drop-down arrow under “Actions” for each class
6. Select "Drop" to cancel your enrollment for each class
7. If you would like to be invited to a future cohort, [complete our interest form here](#).

Certification & Badging

Your certification highlights your completion of a Deloitte Cloud Institute pathway and indicates your skills in Mulesoft Certified Developer on your Deloitte People Network (DPN) profile.

Certification Exam – Mulesoft Certified Developer Level 1

The Cloud Institute strongly encourages you to schedule and complete your certification exam within 21 days of completing your learning pathway, while information is fresh; however, you must pass your exam within 6 weeks of your pathway end date.

Registration and Exam Details

1. Learning pathway [Cloud Institute: Integration Developer Pathway – MCD](#) guides you through the process to register and complete the self-paced online course. One can register directly [here](#) also.
2. Upon completion of this self-paced online course, you will be eligible for vouchers from MuleSoft to take the certification exam.
3. Details of the course and certification can be found in this [MCD Level 1](#)

Exam Dates

Target:
December 23, 2022

Last Chance:
January 13, 2023

Resources

- Exam Guide: [Click Here](#)
- Retake Policy: Details available in the exam guide

Reminders

- You have up to three (3) months and two (2) attempts to pass the certification exam
- Exam vouchers for the initial exam and retakes will be provided as part of the program; you do not need to purchase a voucher
- Vouchers for retakes will be provided in accordance with Mulesoft retake policies

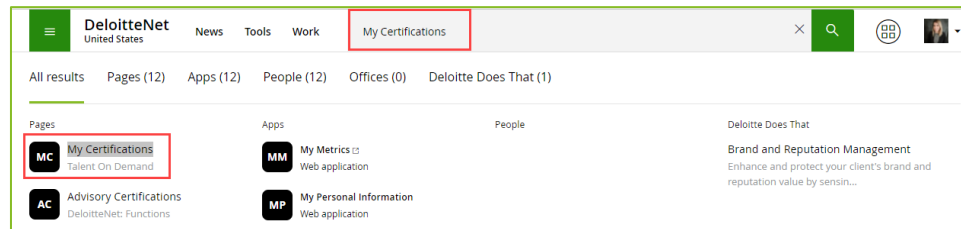

Add these dates
to your calendar today!

Talent on Demand

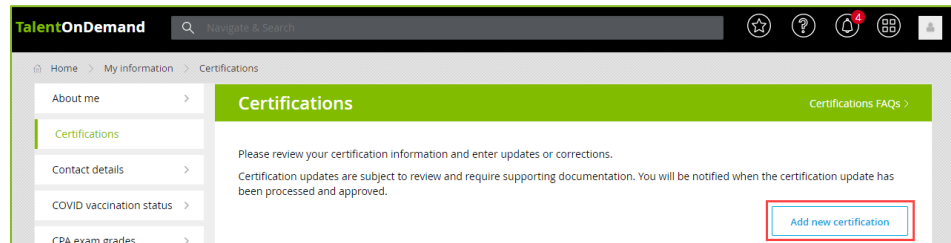

All learners **must** upload their certification to Talent on Demand to complete the program and receive their badge.

1 Open [DeloitteNet](#)

2 Type **My Certifications** in the search bar and choose My Certifications in the Pages section to be redirected to Talent on Demand

3 Click **Add new certification**

4 Complete **all** fields (choose Exam passed) AND upload a PDF or image of the certification; **you must upload the certification to receive your badge**

A screenshot of the 'Add new certification' form. The form has a red border and contains several fields: 'Certification name' (with a placeholder 'Please enter minimum two characters'), 'Proficiency' (with radio buttons for 'Certified' and 'Exam passed', where 'Exam passed' is selected), 'Date certified or passed', 'Expiration date', and 'Upload certification document' (with a 'Browse document' button). A red arrow points to the 'Exam passed' radio button. A yellow star icon is next to the 'Browse document' button. At the bottom, there is a 'Cancel' button and a 'Submit for approval' button. A disclaimer text is visible at the bottom of the form.

Select an existing Certification; no not create a new one. Your Certification is listed as an option.

5 Click **Submit for approval**; your submission will go through a TOD approval process, and you will be notified when it is approved

Get Badged

You must complete all program success criteria components to get badged.

Pathway

You:

Consume and complete all required eLearning.

The Deloitte Cloud Institute: Monitors your self-paced eLearning progress through the 6-weeks journey

Certification Exam

You:

Complete your certification exam, following these steps:

1. Schedule your exam once the self-paced learning pathway is complete
2. Take and pass the exam within 6 weeks of the end of the pathway
3. When you pass, upload your certification to ToD (*if you fail, please follow the re-take policies described on the subsequent slides [here](#)*)
4. Submit the [Exam Status survey](#) to notify the Deloitte Cloud Institute that you have passed the exam and uploaded your certification to ToD

The Deloitte Cloud Institute:

Receives your exam date from the vendor and follows up with you on exam status and completion

'Mulesoft Certified Developer' Badge

You:

Complete all components

The Deloitte Cloud Institute: Notifies the DPN team upon completion of all success criteria

DPN Team:

Adds learner badges to their Deloitte People Network (DPN) profiles

Cura

Cura is Deloitte's content learning platform. It is where you will access your eLearning.

Online eLearning

Most of your program materials are online, on-demand eLearning modules. All online eLearning modules can be accessed through Deloitte's learning platform, Cura.

What is Cura?

Cura is often referred to as the “Netflix” of learning because, like Netflix, the system uses machine learning to recommend content (from both internal and external sources) to you.

How do I access Cura?

Click [here](#) to access Cura. You must login using Single-Sign-On (SSO) with your Deloitte credentials; this is the only way to receive credit for your online eLearning trainings. We recommend you bookmark the Cura homepage URL and program URL to your favorites bar for quick and easy access to content.

You can also download the **Cura mobile app**. More information about downloading the Cura mobile app and its features can be found [here](#).

Where is the content?

The program is a curation of content from external sources. When accessing the modules in Cura, you will be routed to one of our 3rd party online, on-demand learning platforms. Our major platforms are Udemy for Business and LinkedIn Learning. You do not need separate credentials for these platforms; access the modules through Cura and you will automatically be logged in.

When do I start?

You should begin your Week 1 eLearning modules **TODAY!**

Cura Quick-Start / Terminology

Content in Cura is structured around a few key concepts – *get up to speed quickly with our terminology guide.*

SmartCard

The basic building block in Cura - a single piece of content from an integrated source or posted by users.

Integrated content sources

Cura is constantly updated with new content from internal and external sources e.g. Saba, Knowledge Exchange, LinkedIn Learning and Udemy.

User-Generated Content (UGC)

You can also share your own knowledge on Cura – UGC cards can be links, polls, quizzes or text depending what you want to share.

Content types:

+ more...

Pathway

A collection of cards on a specific topic or subject.

- Create pathways from any integrated or UGC content
- Develop a pathway with colleagues by adding *collaborators*

Journey

A longer experience featuring a series of linked pathways.

- Add existing pathways or create new ones within your journey
- *Self-paced* - allow learners to explore all content
- *Progressive unlock* - complete each pathway in sequence

Learning Cloud Computing: Public Cloud Platforms

Learning Cloud Computing: Public Cloud Platforms

There are many providers to choose from when it comes to cloud computing. So, how do you know which one to select for your organization? This course examines industry-leading public cloud platforms and compares the services offered. Instructor David Linthicum provides an overview of the "big four": Amazon Web Services, Microsoft Azure, Google Cloud Platform, and Alibaba Cloud. Learn the fundamentals of public cloud solutions, consider reasons why you might switch your business from a private ...
